

PLATE XLVI.

A plant of *Uncinia brevicaulis*, var. *gracilior*, natural size.

Figure 1.—A male flower with its glume.

„ 2.—A female flower with its glume.

„ 3.—The same without the glume.

„ 4.—The same with the rhachilla and the lower part of the utricle: all enlarged.

The plant figured was collected in Tristan da Cunha by MacGillivray and Milne, and is preserved in Kew Herbarium.
